## SCHOOL OF MISSION

We are looking forward to hosting our annual leadership conference and theology school graduation next month in August! this is very special event for our 90 students' pastors who have diligently been studying for last three years to receive their diploma in theology! for this time we have invited visitors and pastors from different countries all over the world to come and share with our students, to pray for them and send them out on mission

## HOUSE OF HEALING

### Baptized and Anointing Pastors

House of Healing is our church and prayer center, based in Kigali. The team of pastors lead people into worship and prayer times and equip God's family through preaching bible knowledge and how to live out a godly life, in the power of the Holy Spirit, following Jesus. We aim to equip people to grow in their faith, becoming increasingly radical lovers of Jesus and inviting those who don't know Him into salvation. in august Baptist 10 people received salvation of Christ. in town and has another event of anointing pastors its very special day in house of healing has many visitors and very people was happy. If anyone is in Christ, he is a new creation, the old has gone, the new has come! 2corinthians 5:17

## IMPACT

Ndahei has made significant strides in its community impact over the past fourteen year. The organization operates three Early Childhood Development Centers (ECDCs) to nurture young minds. we support child more than one thousand paying school fees, school material and giving insurance. To bolster food security, 1,050kg of beans were distributed to families for cultivation, while 20 families received goats to improve their livelihoods. Ndahei has also played a pivotal role in healing and reconciliation, successfully bringing together two Tutsi Genocide families. The organization's commitment to spiritual growth is evident in its annual pastor's conference.

## COUNSELING THROUGH CYCLING AND HANDCRAFTS

Study to weaving new fashion

We are so excited to learn new things that we are not crazy weavers who have teacher to teach them and who have come to develop themselves and pay for themselves from knitting a lone there is still a challenge that we don't have enough market. we would appreciate your prayers for them to learn the skills necessary to faster a productive learning environment

*Cycling team 2024 in competition*
